Arsenium - What is love?

1) You said it:

You had enough

and your love's fading.....

I waited a bit too long to say: "I'm sorry".

I still miss you late at night

when it gets cold,

'cause I can't hold you

the way I did before.....

Refr.: So what is love?

I'm lost without you,

and if I hurt you.....

I'd give it all

if I'd go back to

the day I met you.

So what is love?

So what is love?

2) Now tell me:

If I go back to our worst Monday.

I'd need just one day

to say the things

that I had to say.

I still miss you late at night

when it gets cold,

'cause I can't hold you

the way I did before.....

Refr.: So what is love?

I'm lost without you,

and if I hurt you.....

I'd give it all

if I'd go back to

the day I met you.

So what is love?

So what is love?
